

Congratulation ! You have finished you Computer Schience degree, and looking for a job.

A friend, working in a secret agency suggestedd you to submit your request, as they are looking for a new talants.

In order to apllay, you need to generate a secret key, based on your personal ID. The organization will check if you are sutable for their need and invite you for an interview.

The key generator is provided,but hardcoded with company best talants names. Try to add yourself to the list, and get a key for you. A test tool is also suplied, don't hesitate to use it before submitting your request,as only one try is allowed.

Technical Notes:

- Submission day – up to 26/11/21 11:59pm
- The Company will check authenticity, so no tricks this time.
- If you are late, you can submit up to 29/4/21 11:59pm. 10 points loose for each day
- Don't wait for the last minute, as “My VM is died”, “My cat swallowed a pc mouse” and other subterfuges will not be accepted
